

BED PACK Y-TYPE Y4 MOVE WIDTH 90 CM WITH ROUND H&F BOARDS VITTORIA AND CLASSIC SIDE RAILS

Description

1 - EasyNursing: The H-frame has been specifically designed to be lighter, with no retention zone. With its full-width sleeping surface, patient handling and comfort are optimised. We must work with you to reduce MSD.

2 - Ultra low: The Y-Type Ymagyn 4 bed offers a very low position to secure the patient in the event of a fall during the night. Restraint can thus be avoided.

3 - Full Accessorization: Its EasyClip system offers a wide choice of accessories in order to offer a bed adapted to each pathology.

4 - EasyClean: Cleaning is made easier thanks to its structure with zero visible cables and zero retention zones.
