

**OVERBED TABLE - RECLINING LARGE TOP TRAY + LATERAL PLASTIC COMPARTMENT**

**Description**

**1 - EasyClean :** Its simple-to-clean tubular structure avoids any risk of retention. The side tray is composed of a removable thermoformed tray for maximum hygiene.

**2 - Confort :** Its variable height is easily adjusted by a simple action on the handle. The table is then adjusted to the desired position. Its reclining large tray equipped with a rack to prevent objects from falling.

**3 - Security :** Son Its wide footings with its double castors wheels offer a better stability. The automatic winding of the tray avoids the risk of accidental entrapment for the patient.

**WEIGHT**

Weight 18,5 kg

**DIMENSIONS**

Width 96,2 cm

Depth 45,5 cm

**SAFETY CHARGE**

Maximum admissible load 25 kg

## WEIGHT

## DIMENSIONS

|                         |         |
|-------------------------|---------|
| Width                   | 96,2 cm |
| Depth                   | 45,5 cm |
| Width large tray        | 75 cm   |
| Depth large tray        | 45 cm   |
| Width small tray        | 20 cm   |
| Depth small tray        | 45 cm   |
| Variable height minimum | 75 cm   |
| Variable height maximum | 110 cm  |

## TYPE

|                      |            |
|----------------------|------------|
| Variable height type | Gas spring |
|----------------------|------------|

## MATERIAL & COATING

|                  |   |
|------------------|---|
| Large tray       | Laminated faced particle board - Thickness 19 mm                            |
| Small tray       | Removable ABS tray  |
| Column Structure | Extruded aluminum   |
| Tray Structure   | Epoxy painted steel   |
| Base Structure   | Epoxy painted steel   |
| Edges            | Assoted ABS   |
| Wheels           | Wheel centre made of Polypropylene - Thermoplastic rubber, grey non-marking |

## BASE

|                 |                             |
|-----------------|-----------------------------|
| Type of footing | "C" base - 4 swivel castors |
| Wheels diameter | 50 mm                       |

## INCLINATIONS

|           |                           |
|-----------|---------------------------|
| Main tray | 6-position rack: 0 to 42° |
|-----------|---------------------------|

## SAFETY CHARGE

|                         |       |
|-------------------------|-------|
| Maximum admissible load | 25 kg |
|-------------------------|-------|

## FIRE CLASSIFICATION

|           |    |
|-----------|----|
| Laminated | M1 |
|-----------|----|

## FIRE CLASSIFICATION

|             |    |
|-------------|----|
| ABS Plastic | M2 |
|-------------|----|

## ADDITIONAL INFORMATION
