

**STEEL RELAXING CHAIR - RECLINING BACKREST -
HEIGHT ADJUSTABLE ARMRESTS**

Description

1 - Comfort: The seat and backrest are ergonomic and anatomical (respect for lordosis) with lumbar reinforcement. 2 density variants of the HR foam exist to optimize posturology on the seat and backrest.

2 - Footrest: Its sleek design facilitates its integration into the medical sector. Comfortable, it has been designed (raised seat) to avoid any risk of overpressure.

3 - EasyClean: Its tubular structure, easy to clean, avoids any risk of retention. It saves time for decontamination.
